

# P2C

## PERSONAL COMMUNICATION CONTROLLER

### BENEFITS

- Allows communication with at least 3 different communication devices
- Interface with multiple radios and / or intercoms
- Compatible with any communication headset
- Communication on one or more channels
- Rugged and water resistant
- Left or right wearing
- Carrying system

### APPLICATIONS

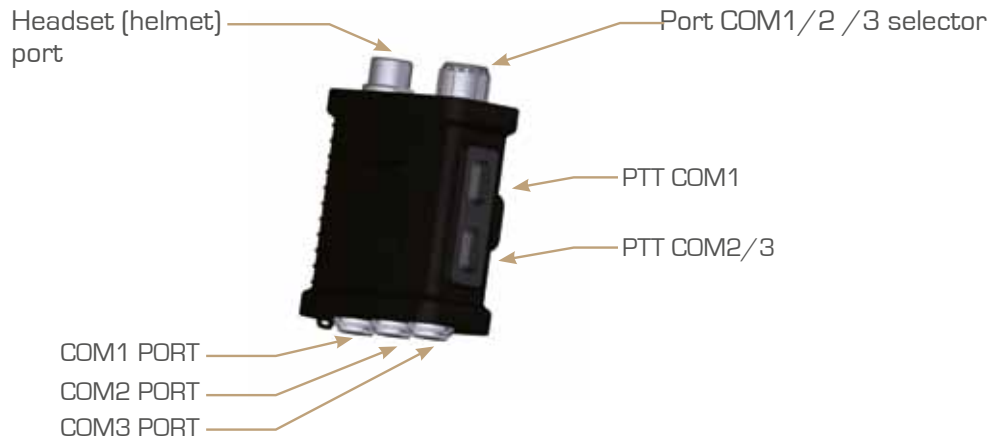

Infantrymen face the multiplicity of means of communication, and moreover the need to stay connected during embarking/disembarking operations. To achieve this challenge, **ELNO** developed the **P2C**: latest generation of smart push-to-talk.

**P2C** can be connected to several radios (up to 3) and intercom and it is compatible with any type of headsets.

The **P2C** is the key solution regarding embarking / disembarking operations problems.

# P2C

## FEATURES

- 2 buttons PTT
- 3 ports COM with 9 pins to connect radios and/or intercoms
- Headset/helmet port with 13 pins
- 1 radio/Intercom or COM ports selector switch
- Weight: 200gr
- Color: black

## COMPATIBLE EQUIPMENT

- Combat helmets
- Headsets
- Intercoms
- Tactical radios

## INTERFACES

- Connectable with most military radios
- Connectable with most military intercoms
- Connectable with most military head mounted equipment

## ENVIRONMENTS/EMC

- Operating temperature: -25° to +70°C
- Storage temperature: -40° to +70°C
- Humidity : 93% at 40°C
- Tests : vibrations, chock, shake, drop, salt spray, water resistant and EMC according to standards GAM EG 13A - MIL STD 810E

## BLOCK DIAGRAM

## OPTIONS / ANCILIARIES

	Description
	Slipcover: black - sand - other colors on demand
	Rotating fixed clamp (Molle)
	Fixed attachment module (Molle)
	Fixing scratch
	Rotary gripper
